The Opportunity

Elevate by Grameen America offers affordable loan capital, business development training, and asset- and credit-building tools to impact and improve emerging Black businesswomen's income, credit scores, and personal savings. We offer women small loans starting from **$500** up to **$2,500** for first-time borrowers to start or grow their small businesses. Members can receive larger loans following successful completion of each **six-month loan cycle**.

Perks of Membership

- **Increased Social Capital** – By participating in Elevate by Grameen, you have an opportunity to connect with women entrepreneurs in your city who are all working to establish longstanding, thriving businesses, while developing as industry and community leaders

- **Access to a Network-wide directory** – All Elevate by Grameen members have access to the Elevate Member Directory, designed for members to showcase their businesses and gain customers in all Elevate by Grameen locations. This directory is shared with external partners and funders and provides an opportunity for your business to grow & thrive in communities other than your own.

- **MyGrameen Member App** – With the new MyGrameen App, on Google Play & Apple App Store, members can make payments and manage loan progress, submit new loan requests, securely upload documents, have access to educational resources and more.

- **Education** – Through pilots and other integrated programming, Elevate by Grameen members receive training on business and financial-related topics. Additionally, after completing the first loan cycle, members have access to free one-on-one business coaching, a $2500 value, by participating in our program. We also offer asynchronous learning facilitated by member subject-matter experts and professional content creators via the Elevate Digital Library.

- **Credit** – Grameen offers members a way to boost their credit scores by reporting all loan transactions to the credit bureaus (Experian™ and Equifax).
