

# MANHATTAN CLEAN ENERGY HUB

Are you a small business with a commercial lease, a nonprofit, or commercial building looking to save on energy costs? The Manhattan Clean Energy Hub can provide **FREE** support to identify opportunities to improve energy efficiency and reduce your businesses monthly utility cost.

## WE CAN HELP BUSINESSES SAVE MONEY

- Reduce cost through energy efficiency improvements including heating and cooling, hot water, refrigeration, and building envelope
- Low-interest financing options
- Subsidized energy studies
- Understanding your utility bill and negotiate your lease

Energy efficiency upgrades can reduce energy bills and will pay for themselves over time.
